## Secunia: Online Software Inspector

The Secunia Online Software Inspector will inspect your operating system and software for insecure versions and missing security updates. A default inspection normally lasts 5-40 seconds, while a thorough inspection may take several minutes. Note: If you have anti-virus software or similar enabled, an inspection may increase significantly in duration.

**Detection Statistics:**

9 Applications Detected in Total  
 0 Insecure Versions Detected  
 9 Secure Versions Detected

**Start**

**Stop**

**Enable thorough system inspection**  
 Enable the Secunia Online Software Inspector to search for software installed in non-default locations.

**Running For:**

0 Minutes, 2 Seconds

**Errors Detected:**
